- Case management for select at risk students
- Work with campus and community stakeholders to create an institutional and community environment that reduces barriers to access services, information, resources, and support and increase opportunities to advance sexual health and wellbeing practices, increase self-efficacy and reduce stigma associated with positive sexual self-care

Our team recognizes the advantages diverse perspectives and backgrounds bring to the workplace. We are particularly interested in candidates who share this value and will work to achieve the university's goals of inclusive excellence.
