**Job
Description**

Qatar University is the premier national institution of higher education with a mission to produce well-rounded graduates with academic knowledge of quality and excellence coupled with a keen spirit of volunteerism and civic responsibility.

The College of Pharmacy is the first and only pharmacy degree program in the State of Qatar. The College offers 5-years BSc (Pharmacy), Doctor of Pharmacy (PharmD), 2-years MSc (Pharm) degree and PhD programs. Our program is the first international program to be accredited by the Canadian Council for Accreditation of Pharmacy Programs (CCAPP) and partners with local and international education and health care institutions to support its academic and research mandates. As a lead College and the first of its kind in this country, we are undergoing constant change as we strive to achieve excellence while meeting our mandate, to provide its graduates with the knowledge and skills necessary to become competent pharmacists, to meet the health care needs of this society. The vision of the College is to be the leading pharmacy college in the Middle East region,

The College of Pharmacy, Qatar University invites applications for a full time faculty position at the Associate/Full Professor level beginning August 2019. Applications will be reviewed until the position is filled.

Minimum requirements include a PhD degree with an appropriate research background in human physiology and excellent verbal and written communication skills. Candidates with a professional degree in pharmacy and demonstrated excellence in teaching and research are preferred.

The successful candidate will teach and coordinate courses associated with human physiology at both the undergraduate and postgraduate levels and human anatomy at the undergraduate level.

The candidate must have a strong research record as evidenced by publication in reputable peer-reviewed international journals. The successful candidate will establish an active independent research program that incorporates undergraduate and graduate research training and complements the existing research strengths of the College of Pharmacy, Qatar University.

Applicants should apply online via the Qatar University Jobs website (www.qu.edu.qa). For consideration, a letter of interest, curriculum vitae, a brief (1-2 page) research plan, a record of teaching excellence (or teaching philosophy), three papers that best exemplify their research interests and three letters of reference must be submitted.
