Job Description

Position Summary:

The Clinical Associate Director works with members of pharmacy administration in the planning, development and implementation of clinical pharmacy services in accordance to practice guidelines, in order to provide optimal patient-centered pharmaceutical care. This position is responsible for continuous development of pharmacists and directorship of residency programs.

Principal Responsibilities:

- To fulfill the core values and mission of the hospital and pharmacy.
- Supervise, coach, mentor and provide direction to all clinical and staff pharmacists.
- Foster a professional, patient-centered and scholarly practice environment for pharmacists.
