Job Description

Job Description Summary

The individual identified will assume teaching in team-taught Neuroscience/Physiology (lectures and labs) to first year veterinary students and graduate students. The successful candidate will be expected to develop a scholarly and externally funded research program in the area of his or her expertise, and to work collaboratively with other faculty to develop dynamic, self-sustaining programs at Auburn University.

Minimum Qualifications

Minimum qualifications include a PhD degree (or equivalent) in a relevant discipline at the time employment begins. The successful applicant must also possess excellent interpersonal communication skills and a demonstrated ability to work with others in a collegial atmosphere.
