Job Description

Position Summary

Dr. Nichol Castro in the Department of Communicative Disorders and Sciences is seeking a Postdoctoral Associate with a research specialty in adult neurogenic language disorders and/or language science.

Dr. Castro's Adult Language Network Lab researches word retrieval in typically aging adults and adults with neurogenic language disorders. Our interdisciplinary lab is currently focused on anomia treatment development and implementation informed by cognitive and linguistic sciences. Our lab is currently funded, in part, by the ASH Foundation and is actively applying for federal NIH grants.

Key responsibilities include:

Recruit and assess persons with aphasia for our Aphasia Registry and Repository (in person and
