- Teaching undergraduate, graduate and professional students and post-doctoral fellows
- Research and administrative activities within the Department of Physiology and Biophysics.
- Curriculum development and assessment at the undergraduate, and graduate levels.
- Work with the Chair and members of the faculty, develop and assess course content and other educational materials, evaluate teaching effectiveness and act as the liaison and representative of the Department on various committees and working groups.
- Work with the Medical School's Offices of Curriculum and Medical Education and Education Research Institute (MEERI) to ensure the instructional materials and delivery to our medical students is effective and representative of LCME standards.
- Support the research mission of UB by being a publishing scholar in peer review publications and seeking and receiving external funding for your work.
- Organize and participate in divisional and departmental conferences, as required.
- Participation in the Departmental, Medical School, and University efforts to promote and maintain an environment of inclusiveness and respect for all learners and the greater UB community.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness.
