Job Description

Under the direction of the Study Coordinator and Senior Research Project Director, the **Research Assistant** will support a five-year study entitled "[Trauma-informed approach to timely detection and management of early postpartum hypertension](#)" which is funded by the Patient Centered Outcomes Research Institute (PCORI).

Major responsibilities include screening patients for eligibility, enrollment, data collection and data entry. An ideal candidate holds a demonstrated interest in addressing maternal and child health inequity from a social determinants of health perspective. The Study Coordinator should have strong teamwork, written and oral communications skills, and the ability to work independently.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy
