Job Description

The [University at Buffalo School of Nursing](#) (SON) invites applications for full-time, pre-tenure track mentored **Research Assistant Professor** faculty positions. The SON encourages applications from candidates prepared to contribute through research, teaching, and service to a diverse and inclusive community.

The SON is one of five health science schools in the University and offers degrees at the BS, DNP and PhD levels. The SON is aggressively building its research enterprise, as well as growing and restructuring its stellar academic programming.

Major areas of responsibility include:

Research Assistant Professor, School of Nursing
University at Buffalo, The State University of New York

- Developing, building and implementing a program of research to qualify for a tenure-track assistant professor position with up to three years of support
- Contribute to teaching nursing at the undergraduate and graduate level
- Engaging in school, university, and community professional service
- Building a network of colleagues to support a funded program of research

We are particularly looking for candidates who can operate effectively in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential. We are committed to developing an excellent and diverse community of scholars and students engaged in education, research, and service. We encourage applications from women, members of historically marginalized groups, veterans, and individuals with disabilities.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
