College/Department Profile Image not found or type unknown

Qatar University Profile:

Qatar University is the national institution of higher education in Qatar. It provides high quality undergraduate and graduate programs that prepare competent graduates, destined to shape the future of Qatar. The university community has diverse and committed faculty that teaches and conducts research which addresses relevant local and regional challenges, advances knowledge, and contributes actively to the needs and aspirations of society.

Qatar University is an intellectual and scholarly community characterized by open discussion, the free exchange of ideas, respectful debate, and a commitment to rigorous inquiry. All members of the University - faculty, staff, and students - are expected to advance the scholarly and social values embodied by the university.

College Profile:

The College of Health Science (CHS) was founded in 2016 following a 30-year success story as a department within various colleges at Qatar University. CHS is the national provider of high quality health sciences education and research in Qatar and offers undergraduate (BSc) programs in biomedical sciences, human nutrition, physical therapy/physiotherapy, speech and language pathology and public health, as well as graduate programs in biomedical science (MSc), public health (MPH) and a doctoral (PhD) program. It is part of the wider QU Health Cluster that includes the Colleges of Pharmacy, Medicine and Dental Medicine - <http://www.qu.edu.qa/health>.

CHS Vision

The College of Health Sciences aspires to be an internationally recognized model of excellence with distinction in teaching, research, and community service.

CHS Mission

In alignment with Qatar Vision 2030, our mission is to develop competent graduates duly prepared for careers in health science-related disciplines who will contribute to the delivery of optimal health care. Members of the CHS have excellent opportunities to secure intramural and extramural funding for their research ideas. Qatar National Research Fund (QNRF) is a major source of research funding, with individual project funding limit exceeding QAR1million/project (QAR5million exceptional projects) along with student research funding programs. As the national and largest University in the country, Qatar University is the recipient of most QNRF awards, with many research-active faculty members able to secure multiple grants.

Department Profile:

The Department of Rehabilitation Sciences (DRS) was founded in 2018. It offers a 4-year BSc. in

Physiotherapy and a BSc. in Speech and Language pathology.

The BSc. Physiotherapy program is delivered in English. The curriculum is innovative and future oriented, thematic in nature with team-based learning, and moves away from the more traditional models of physiotherapist professional entry-level education by embracing critical pedagogy.

The Department has an international faculty and a global perspective.

The Department seeks to appoint two (2) faculty members to commence their positions for the academic year 2024-2025, and the successful candidates will commence duty in Spring 2025.

Duties & Responsibilities Image not found or type unknown

The appointee will be expected to carry out the following activities, among others:

1. Deliver high-quality, innovative, student-centered courses as well as foundational courses in the degree program.
2. Participate in the preparation of the program for accreditation and other quality initiatives.
3. Contribute to developing research capacity within the Department.
4. Contribute to the stakeholder engagement within the professional community in support of teaching, research and professional development.
5. Contribute to various committees at the program, College, and University level
6. Serve as student advisor.
7. Other responsibilities as assigned by the Head of Department

Qualifications Image not found or type unknown
