Trades, Business Management, Computing and Information Technology, Health Sciences, Continuing and Professional Education and more.

With more than 600 staff and over 7,000 students, UDST is the destination for top-notch applied and experiential learning. The University is recognized for its student-centered learning and state-of-the-art facilities. Our faculty are committed to delivering pedagogically-sound learning experiences with incorporation of innovative technological interventions, to further enhance students' skills and help raise talented graduates that can effectively contribute to a knowledge-based economy and make Qatar's National Vision 2030 a reality.

The College of Health Sciences invites applications for faculty positions in the Medical Radiography Program.

Reporting to the Department Head, the successful candidate will be responsible for the development, delivery and evaluation of a broad range of courses in Medical Radiography within the College of Health Sciences. S/he will evaluate student progress and manage the resources of the learning environment. The successful candidate will liaise with industry and other educational institutions; participate in industry advisory committees and coordinate, manage and control projects within the specified program area. Faculty members will keep course portfolio documents required for accreditation processes and engage in instructional development/improvement plans. All employees are expected to contribute to professional and community life within the University and beyond.

### **Education and Experience Requirements**

Faculty members will be placed in the appropriate rank based on their education and experience. The broad criteria are noted below.

### **Qualifications**

#### **For Assistant or Associate Professor**

#### **Education**
