Job Description

The [Department of Communicative Disorders and Sciences \(CDS\)](#), University at Buffalo, The State University of New York invites applications for a full-time, twelve-month term (non-tenure track) position in Clinical Audiology. Appointment will be made at the rank of Clinical Assistant or Clinical Associate Professor depending on candidate profile. Areas of faculty interest may include but are not limited to clinical experience in pediatric audiology, hearing aids, vestibular audiology, cochlear implants, auditory processing disorder, telehealth, and clinical research.

The primary responsibilities of this position are to provide graduate student clinical education and training for CDS's Clinical Doctor of Audiology program (AuD). Faculty are expected to take part in all facets of AuD training including direct clinical supervision in the [UB Audiology and Speech-Language Pathology Clinic](#)

and in the Western New York Community, participate on committees for graduate student research projects, conduct administrative duties associated with off-site clinical placements, and will have opportunities to develop specialty clinics. Faculty will also be expected to teach graduate-level coursework within their areas of expertise. Additionally, faculty will be responsible to provide service to the department, the university, and to the community.

Essential duties of the position include:

- Provide clinical audiology services in our UB Audiology and Speech-Language Pathology Clinic and in the community.
- Educate and train graduate audiology students in our clinic, during hands on labs, and while in the community.
- Manage administration related to clinical training and clinical operations.
- Develop interprofessional and collaborative clinical relationships within and outside the university community.
- Teach 1-4 academic courses across the calendar year.

UB is a member of the AAU and has a strong tradition of research excellence in Communication Sciences and Disorders that includes training of doctoral students. With support from the College of Arts and Sciences, the department is committed to building on existing research, clinical, and academic capacities to continue to provide leadership in the fields of speech-language pathology, hearing science, and related disorders.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
