Auburn University was named by Forbes Magazine as one of the state of Alabama's best employers, with employees staying an average of ten years. Employees enjoy competitive benefits that include excellent health insurance, generous retirement plans, tuition assistance for employees and dependents, flexible spending accounts, and more. Auburn University is located in the southeastern United States, 90 min southwest of Atlanta, in Auburn, AL. The Auburn-Opelika Metropolitan area has a population of about 163,000. Auburn's size offers numerous advantages to its residents and Auburn is a quintessential college town with excellent recreational, educational, and cultural opportunities.

POSITION: Assistant/Associate Professor. This is a nine-month tenure-track position in the School of Kinesiology beginning no sooner than January 2025 and no later than August 2025. Rank will be determined based on the requirements for Associate Professor as described in the School of Kinesiology, College of Education, and Auburn University tenure and promotion guidelines. We are seeking applicants with research and teaching expertise in Motor Behavior. Ideally, the candidate will focus on motor behavior, investigating the learning, development, and/or control of movement; the neural underpinnings of movement; or the psychology of sport and/or exercise. The university's commitment to excellence is outlined in the Auburn University Strategic Plan (https://ocm.auburn.edu/strategic_plan/). Review of applications will begin August 30, 2024, and continue until the position is filled.

The School of Kinesiology is housed in the College of Education. The School offers M.S. and Ph.D. degrees in Kinesiology. Auburn University is ranked in the top fifty public universities (U.S. News & World Report) and the School of Kinesiology doctoral program is ranked in the top fifteen by the National Academy of Kinesiology Ranking of Doctoral Programs (2023). Our mission is to acquire new knowledge about exercise, training, and physical activity and deliver that knowledge in an invigorating learning environment for our undergraduate and graduate students. Our goal is to uncover basic mechanisms and to improve the health of society through research, outreach, and teaching. For more information about the School of Kinesiology, please visit: <https://education.auburn.edu/kinesiology/>. Auburn University is understanding of, and sensitive to the family needs of faculty, including dual-career couples.

The School of Kinesiology is located in a state-of-the-art building as sole occupant. Current equipment and research capabilities available in our building include electroencephalography, functional near infrared spectroscopy, electromyography, motion capture, a Biodex Balance, system, Biodex isokinetic system, space for exercise interventions/training, accelerometers, and DEXA.

Auburn University is a partner of the University of Alabama at Birmingham Center for Clinical and Translational Science (CCTS). The School of Kinesiology actively participates in several of the training programs, professional development resources, and funding mechanisms provided by the CCTS. Auburn also has an MRI Research Center with the capability to scan with a Siemens 7 Tesla for research needs, and a Siemens Skyra open bore 3T scanner for clinical and research use.

Ø Develop or augment national and international recognition, as evidenced by a strong record of

Assistant/Associate Professor - Motor Behavior
