as well as in collaboration with a multidisciplinary team. They should also have a track record of high-quality epidemiologic research on population mental health; demonstrated leadership in building and managing multidisciplinary international collaborative projects; expertise in analyzing large and complex datasets; and competence in mentoring early career researchers and research students.

The appointee will play a major role in implementing an interdisciplinary research programme on population mental wellness. He/She will lead and conduct research; write scientific publications, grant proposals and reports; lead and contribute to the planning and delivery of research projects, participate in the planning and delivery of undergraduate/postgraduate programmes; mentor and supervise research staff and students; and contribute to administrative, operational and other duties as assigned. Information about the School can be obtained at <http://sph.hku.hk>. Those who have responded to the previous advertisement (Ref.: 522984) need not re-apply.

A highly competitive salary commensurate with qualifications and experience will be offered, in addition to annual leave and medical benefits. At current rates, salaries tax does not exceed 15% of gross income. The appointment will attract a contract-end gratuity and University contribution to a retirement benefits scheme, totalling up to 15% of basic salary. Housing benefits will be provided as applicable.

The University only accepts online application for the above post. Applicants should apply online at the University's career site (<http://jobs.hku.hk>) and upload an up-to-date C.V. Review of applications will start on November 1, 2024 and continue until **April 1, 2025**, or until the post is filled, whichever is earlier.

The University is an equal opportunities employer and is committed to equality, ethics, inclusivity, diversity and transparency
