Position Summary

The Indiana University School of Public Health-Bloomington (SPH-B) invites applications for an open-rank, non-tenure-track (NTT; lecturer or clinical) faculty position in the Department of **Kinesiology**. We seek individuals passionate about our mission to promote health for all members of society through impactful teaching and mentoring, excellence in research, and service to the university, profession, and the community. This 10-month appointment would ideally start August 1, 2025, although an earlier or later start date is negotiable. Applications received by December 1, 2024, will be given full priority consideration, and applications will be accepted until the position is filled. Overview: A member of the prestigious Association of American Universities (AAU) since 1909, Indiana University Bloomington prides itself in offering outstanding academics grounded in contemporary educational offerings, world class research, and a vibrant campus life. The SPH-B, located in the heart of campus, is comprised of over 200 faculty across five departments and is one of the most diverse faculties of any school of public health in the nation, with 39% of current tenure-track/tenured faculty being scholars from traditionally underrepresented minority groups. In 2022 and 2023, Indiana University Bloomington was honored with the Higher Education Excellence in Diversity Award. Continuing the momentum of hiring over 60+ outstanding faculty over the last two years, the SPH-B is launching another wave of faculty recruitment. The Department of Kinesiology recently celebrated its 75th Anniversary and has consistently been highly ranked by the National Academy of Kinesiology. The Kinesiology faculty, (~50% NTT faculty), is a talented, productive, and collegial team, united by a shared interest in creating and translating knowledge in human movement science and practice, and sport management. With Kinesiology being one of the largest departments at Indiana University Bloomington, our faculty educate, mentor, and serve ~2,900 students enrolled in our BS, MS, and PhD degree programs.

About Indiana University Bloomington: Founded in 1820 and considered the flagship, Indiana University Bloomington constantly strives to embody its mission to create, disseminate, preserve, and apply knowledge. It does so through its commitments to cutting-edge research, scholarship, arts, and creative activity; inspired and challenging undergraduate, graduate, professional, and lifelong educational programs; meaningful experiences outside the classroom; expansive global educational opportunities, while fostering a culturally diverse campus environment; first-rate library and museum collections; and far-reaching economic development and impact in the state and region. Indiana University Bloomington is accredited by the Higher Learning Commission and is a member of the North Central Association. With over 47,000 undergraduate and graduate students, the campus has 16 degree-granting colleges and schools offering 200+ undergraduate majors, 100+ Master's degrees, and 150+ doctoral and professional degree opportunities. Known for its Indiana limestone facades and green spaces throughout, Indiana University Bloomington is widely considered one of the country's most beautiful college campuses. Indiana University provides SPH-B faculty outstanding teaching and research support through programs like the IU Faculty Academy on Excellence in Teaching

(F.A.C.E.T.); extensive research development and research administrative support through the Office of the Vice President for Research; and innovative collaborations with organizations like the Indiana Clinical and Translational Sciences Institute and the IU School of Medicine (IUSM). SPH-B continues its rapid expansion embracing a comprehensive and holistic approach to promoting health and wellbeing within the teaching, research, and service aspects of our mission. Notably, student success is the first pillar of Indiana University's 2030 Strategic Plan. Nestled in the rolling hills of south-central Indiana, the city of Bloomington offers the feel of a college town with many of the amenities of a large city. From off-Broadway plays and musicals, the LOTUS World Festival of Music, quick access to 250,000 acres of public recreation lands, outstanding public schools and a reasonable cost of living, Bloomington offers much to all. *For more information about Kinesiology, SPH-B and Indiana University Bloomington, visit:*

Basic Qualifications

Qualifications: Successful candidates for a Clinical position must hold a doctoral degree in kinesiology, exercise science or a closely related field (e.g., physiology, medicine, public health, physical therapy, etc.) whereas candidates for a Lecturer position, must hold, at a minimum, a master's degree with professional experience in the field, with academic training being from an accredited educational institution. A firm commitment to the role of diversity in all aspects of education and service is essential. Candidates must have teaching experience at the undergraduate, graduate, and/or professional level. Good interpersonal skills, effective communication skills, and the ability to work cooperatively and congenially within a diverse faculty are also critical for success.

Additional Qualifications

Responsibilities and Opportunity: The Department of Kinesiology at Indiana University invites applicants with experience in applied sub-disciplines within kinesiology to apply for our NTT lecturer/clinical faculty position. Responsibilities may include teaching courses in 1) applied and clinical exercise science, 2) physical activity behavior, interventions, and health coaching, 3) strength and conditioning, and/or sport performance. NTT faculty in the Department of Kinesiology are expected to contribute to the overall academic excellence of the department primarily through teaching and secondarily through service, including academic program delivery (e.g., internship coordination) and community outreach (e.g., experiential/service-learning courses). Appointment as a clinical NTT faculty

will require professional experience in the field. Notably, NTT faculty have an opportunity for promotion and advancement from a) Lecturer to Senior Lecturer and ultimately Teaching Professor or b) Clinical Assistant Professor to Clinical Associate Professor and ultimately Clinical Professor. This position is located on the campus of Indiana University in Bloomington, Indiana, and successful candidates are expected to work on the Bloomington campus to allow full engagement with the department, school, campus, and community.

Special Instructions

Application Procedure: Please provide a 1) curriculum vitae and 2) cover letter (no longer than 5 pages in length) summarizing your qualifications and interest in the position, including a teaching statement that provides an overview of your qualifications, examples of your commitment to teaching, and vision for undergraduate education in kinesiology. If selected as a finalist, we will additionally request, at a minimum three references with a maximum of six references. References will be contacted if you are selected for a finalist interview and/or job offer. Interested candidates should submit applications at: <https://indiana.peopleadmin.com/postings/26553>.

Indiana University is an equal employment and affirmative action employer and a provider of ADA services.
