Job Description	

Position Summary

The PRODiG+ fellowship program is a 2-year mentored research experience which could subsequently transition to a tenure-track faculty position, depending on the fellow's success in fulfilling the below detailed expectations of the position. Job duties during this postdoctoral experience will include:

- Conduct innovative and high-quality research in the field of nursing, contributing to the advancement of knowledge and understanding within the discipline.
- Publish research findings in peer-reviewed journals, in collaboration with a senior scientist, and present at academic conferences to disseminate knowledge and engage with the scholarly community.
- Collaborate with faculty members and other researchers within the School of Nursing, as well as

interdisciplinary teams across the institution, fostering a collaborative research environment.

- Assist in the development of grant proposals to secure funding for research projects, contributing to the financial sustainability of the research program.
- Occasionally contribute to teaching activities within the School of Nursing, such as guest lectures or seminars, to share expertise with students and enhance their learning experience.
- Engage in ongoing research development activities to stay abreast of advancements in the field of nursing research and enhance research skills and expertise.
- Ensure research activities comply with ethical standards and regulatory requirements, including institutional review board (IRB) approvals and adherence to relevant policies and guidelines.
- Build and maintain professional relationships with colleagues and stakeholders within the School of Nursing and the broader academic and professional community.
- Assist with administrative tasks related to research projects, such as data management, project coordination, and reporting requirements.

These duties encompass the multifaceted responsibilities of a Postdoctoral Associate in a School of Nursing at an R1 public research institution, contributing to the institution's research mission and fostering excellence in nursing scholarship.

SUNY PRODiG+ SCHOLARS

The University at Buffalo (UB), a premier, research-intensive public university, invites inquiries and applications for PRODiG+ Scholars in various fields for two-year terms. A member of the Association of American Universities (AAU), a flagship and the largest and most comprehensive public research university in the State University of New York (SUNY) system, UB is an internationally renowned center for academic excellence. UB enrolls nearly 32,000 students; has a distinguished faculty of over 1,500 full-time members; and is home to more than 120 research centers and institutes.

UB's distinguished faculty include members of the National Academy of Engineering, the National Academy of Medicine, the National Academy of Education, and the American Academy of Arts and Sciences. In addition, UB faculty have been recipients of many of the most prestigious awards in their fields, including in recent years the International Prize in Statistics, NSF Career Awards, Grammy Awards, and fellowships from the Guggenheim Foundation, National Endowment for the Humanities, National Humanities Center, and Harvard Radcliffe Institute, to name a few. UB's students are also regular recipients of the nation's most prestigious scholarships, fellowships and awards.

SUNY is the nation's largest and most comprehensive state university system, consisting of 64 campuses including major research universities, health science centers, comprehensive and technical colleges, and community colleges, all committed to providing a broad range of outstanding academic

programs for students within New York and from around the world. It enrolls more than 363,000 students annually, employs more than 83,000 faculty and staff, and connects more than three million alumni around the world.

Recognizing that a diverse, equitable and inclusive community is an essential foundation for achieving excellence and success, the University at Buffalo has long been committed to fostering diversity, inclusivity, and accessibility on campus. Enhancing campus diversity and promoting a university-wide culture of equity and inclusion are critical to UB's goal of becoming one of the [Top 25](#) public institutions in the nation.

Diversity, equity, and inclusion constitute one of SUNY's four priority pillars and are integral to all SUNY initiatives. As part of this commitment, SUNY seeks to increase the number of excellent diverse faculty committed to advancing the ideals of diversity, equity, and inclusion who are selected for and excel in tenure-track positions. PRODiG+ will create a pipeline for over 400 postdoctoral fellows to enter tenure-track faculty positions at State-operated campuses over the next 10 years.

The PRODiG+ Fellowship is open to any and all prospective candidates regardless of race, color, national origin, or sex, and is consistent with all current governing federal and state nondiscrimination law. All application submissions will be assessed and evaluated in accordance with the required eligibility criteria.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit – all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization. Learn more about our [benefit packages](#).

Land Acknowledgement

UB acknowledges that our campuses operate on land that is the traditional territory of the Seneca Nation, a member of the Haudenosaunee Confederacy, and the region remains the home of the Haudenosaunee people. Further, we responsibly acknowledge the continuing impact of settler colonialism on the Haudenosaunee and their territories.

Our scholarly community values Indigenous cultures, histories, traditions, knowledge systems, and political entities and deeply appreciates the important role of Indigenous people in the history, the present and the future of our region, this country and the world.

Buffalo Niagara Region

As a world-renowned research university, UB's intellectual capital and innovation are playing a vital role in Buffalo's resurgence as a thriving city that is a magnet for talented professionals, artists, entrepreneurs, and innovators who recognize the tremendous energy and momentum gathering here. Home to one of the nation's fastest growing populations of college graduates, the [Buffalo-Niagara region](#), with 1.2 million residents, is the state's second largest major metropolitan area, exceeded only by New York City. The region includes a diverse blend of communities, each with its own distinct personality, yet commonly characterized by a distinctly neighborly way of life, an unpretentious nature and spirited loyalty among residents. Buffalo's own strong sense of community, easy lifestyle, and affordability regularly place it in top ten lists from a variety of national publications for its overall quality of life.

With vibrant and growing communities of color and immigrant communities, Buffalo offers an impressive array of cultural and recreational opportunities uncommon for a city of its size. Buffalo's rich cultural resources reflect its distinguished history and commitment to sustaining the arts, including the Grammy Award-winning [Buffalo Philharmonic Orchestra](#); the world-class collection of modern painting and sculpture at the [Albright-Knox Art Museum](#); an extensive array of historic architectural treasures designed by Frank Lloyd Wright, H.H. Richardson, Louis Sullivan, and Eero and Eliel Saarinen; an expansive park system (including Delaware Park), considered to be the very best work of designer Frederick Law Olmsted; and a variety of summer festivals. The city is home to the state's largest concentration of theaters outside of New York City. From the [Michigan Street Baptist Church](#), to the [Niagara Falls Underground Railroad Heritage Center](#), to the [Colored Musicians Club and Jazz Museum](#), the Buffalo Niagara region has a rich African-American heritage to explore. Buffalo is a family friendly, livable and affordable city, with Niagara Falls, one of the major tourist attractions of the world, a short drive away. Buffalo is close to two wine growing regions—Niagara Escarpment and the Finger Lakes region—and it was named one of the [Top 10 Food Cities](#) by National Geographic. In addition, the Adirondack Mountains are half-day's drive from Buffalo.

Rich in natural resources and beauty, the Buffalo-Niagara area is a four-season region that offers the best for seasonal sports enthusiasts. University at Buffalo fans enjoy a full complement of NCAA division I sports with the UB Bulls, as well as the NFL's Buffalo Bills, the NHL's Buffalo Sabres, Triple-A baseball's Buffalo Bisons, and the National Lacrosse League's Buffalo Bandits.

Less than a two-hour drive from Buffalo across the United States-Canada border is Toronto, the cultural, entertainment, and financial capital of Canada. Buffalo is also ideally located for easy access to many of America's major cities. The Buffalo-Niagara International Airport offers direct flights to more than 20 cities, including New York, Boston, Philadelphia, Chicago, and Washington, DC, all only an

hour's flight away.

University at Buffalo School of Nursing:

The School of Nursing is currently ranked #48 in NIH funding and faculty have secured or are partners on grants from the National Institute of Aging (NIA), the National Institute of Nursing Research (NINR), National Cancer Institute (NCI), National Institute on Alcohol Abuse and Alcoholism (NIAAA), Agency for Healthcare Research and Quality (AHRQ), Health Resources and Services Administration (HRSA), National Institute of Minority Health and Health Disparities (NIMHD), National Center for Advancing Translational Sciences (NCATS), and the Patient-Centered Outcomes Research Institute (PCORI). Current research efforts are focused on, but not limited to, sleep, climate change, managing cancer symptoms, cancer screening, substance use disorders, maternal and reproductive health, managing symptoms associated with pulmonary hypertension, relaxation and meditation, simulation, use of smartphone applications to improve health, workforce resiliency, and behavioral health workforce education and training.

University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.

Minimum Qualifications

- Be eligible to work in the United States without a visa sponsorship;
- Have a PhD or relevant terminal degree from an accredited institution completed prior to start date; and
- Demonstrate personal, academic, and/or work experience engaging with diversity, equity, and inclusion and/or a commitment to facilitating and enhancing diversity, equity, and inclusion efforts in the campus community. Such experience may include, but is not limited to, an academic/scholarly track record focused on diversity, equity, and inclusion; work, volunteer/unpaid/community service; or related experience/expertise in serving underserved or vulnerable areas and/or populations.

Preferred Qualifications

Preference will be given to candidates who are:

- Current SUNY students, alumni, and/or Fellows.
