\$72,404 -\$192,040.

Percent time: Appointments are typically part-time.

Anticipated start: Applications will be accepted and reviewed for department needs through October 8, 2025. Applicants are considered for positions as needs arise; the existence of this pool does not guarantee that a position is available. Applications are typically reviewed for fall course needs in April/May, spring course needs in October/November, and summer session course needs in January/February.

Position duration: Varied and may be renewable based on need, funding, and performance.

Application Window

Open date: October 1, 2024

Most recent review date: Tuesday, Oct 15, 2024 at 11:59pm (Pacific Time)

Applications received after this date will be reviewed by the search committee if the position has not yet been filled.

Final date: Tuesday, Sep 30, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Position description

The Department of Nutritional Sciences and Toxicology (NST) in the Rausser College of Natural Resources at the University of California, Berkeley invites applications for a pool of qualified temporary lecturers to teach courses in Nutritional Science and related topics, should an opening arise during the academic year and in the summer. The Department of Nutritional Sciences and Toxicology focuses on the metabolic biology of nutrients and toxicants in relation to human health and disease. Our research and curriculum span a breadth of topics, from delivery of nutrients to mammalian cells and their molecular functions, through the influence of genetics on diet-associated human disease, to programs and policies that address human and environmental health and safety.

The department also offers a Master in Nutritional Sciences & Dietetics graduate program, which combines a strong foundation in the biological and chemical sciences with specialized advanced coursework that focuses on nutrient/non-nutrient function and metabolism. The application of this field informs recommendations for dietary patterns to achieve optimum health and the treatment or

prevention of disease conditions as well as food production and safety.

The department typically seeks two different types of lecturer positions when available; one is to teach the courses for the Master in Nutritional Sciences & Dietetics graduate program (NST Dietetic Lecturer) and the other one is to teach the non-dietetic courses in the department (NST Non-Dietetic Lecturer). Screening of applicants is ongoing and will continue as needed. The number of positions varies from semester to semester, depending upon the needs of the department.

General Duties:

We are seeking outstanding lecturers who can teach/co-teach small, medium, or large lecture and/or laboratory courses. The primary responsibilities for NST Lecturer positions include:

- Delivering lectures and holding office hours
- Planning and preparing lessons; researching and developing new topics, teaching materials, and online resources
- Supervising Graduate Students Instructors (GSIs), if applicable.
- Mentoring students and contributing to departmental and program activities, if teaching in dietetics
- Coordinating lab preparations with the Teaching Lab Staff, if teaching a lab course
- Developing exams and projects and assigning grades
- Maintaining accurate records and monitoring students' progress, as well as addressing any special student needs
- Maintaining knowledge of, and implementing, college policies.

If applying for a dietetic lecturer position, please indicate so by selecting the "Dietetic Lecturer" specialization. If applying for a non-dietetic lecturer position, please indicate so by selecting the "Non-Dietetic Lecturer" specialization.

For NST Non-Dietetic lecturers:

The completion of a Ph.D. degree (or equivalent international degree) or M.D. degree (or equivalent international degree) by the start date of the job.

Preferred qualifications

For NST Dietetic lecturers:

- The completion of a Master's degree or equivalent advanced degree in dietetics, nutrition, food service, public health, or a related field at the time of application.
- Five years or more of professional experience in dietetics practice.
- Registered Dietitians with demonstrated ability to teach professional courses in the DPD curriculum.
- Leadership experience and demonstrated commitment to the profession of dietetics.
- For Food Service Management instructors, the applicant should have the ServSafe Protection Manager certification.

For NST Non-Dietetic lecturers:

- Experience in teaching biological lab techniques.
- Advanced degree in Bioscience

Application Requirements

Document requirements

- Curriculum Vitae - Your most recently updated C.V.
- Cover Letter
- Statement of Teaching - Indicate teaching subject areas of interest and how your professional experiences have prepared you to instruct subject areas.

Reference requirements

- 3 required (contact information only)

Applicants should include the names and contact information of three references. Letters of reference may be requested of finalists.

About UC Berkeley

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the [University of California's Affirmative Action and Nondiscrimination in Employment Policy](#) and the [University of California's Anti-Discrimination Policy](#).

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the [UC Berkeley statement of confidentiality](#) prior to submitting their letter.

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local government directives may impose additional requirements.

As a condition of employment, the finalist will be required to disclose if they are subject to any final administrative or judicial decisions within the last seven years determining that they committed any misconduct, are currently being investigated for misconduct, left a position during an investigation for alleged misconduct, or have filed an appeal with a previous employer.

- "Misconduct" means any violation of the policies or laws governing conduct at the applicant's previous place of employment, including, but not limited to, violations of policies or laws prohibiting sexual harassment, sexual assault, or other forms of harassment, discrimination, dishonesty, or unethical conduct, as defined by the employer.
