**Apply By Email**

**Job Description**

The University at Buffalo, [Department of Exercise and Nutrition Sciences](#) is now accepting applications for a full-time position of **Clinical Assistant Professor** of Exercise Science. We encourage applications from candidates who are historically underrepresented in academia. This is a 10-month, renewable, term position to begin in Fall 2025.

Responsibilities include teaching three undergraduate/graduate courses per semester, mentoring undergraduate students, and participating in service activities (e.g., Department, School, University, and Professional organizations). Although teaching will be the primary function of this position, the ideal candidate will establish a line of scholarship that will complement and build off current strengths of the department.

**Outstanding Benefits Package**

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization. Learn more about the great [benefits](#) the University at Buffalo has to offer.

**About the Department:**

The Department of Exercise & Nutrition Sciences is one of the academic units in the School of Public Health & Health Professions. There are well-established research programs and excellent facilities available within the Department and School. The Department offers a BS in Exercise Science, a BS in Nutrition, a BS/MS in Exercise Nutrition, a Clinical Nutrition MS, a MS degree in Athletic Training, MS degrees in Nutrition and Exercise Science, a combined Exercise Science BS/MPH in Epidemiology and PhD degrees in Exercise Science and Nutrition. The Department is home to the Center for Research and Education in Special Environments (CRESE), which is a state of the art facility for performing research at altitude, depth, and extremes of temperature.

**About UB and Buffalo:**

The University at Buffalo is a comprehensive, research-intensive public university dedicated to academic excellence. With nearly 30,000 students, it is New York's largest and most comprehensive university. The University at Buffalo is the premier institute of the State University of New York with nearly 30,000 enrolled students. The University at Buffalo has a proud history of Division 1 athletics that includes nine men's and nine women's athletic teams. The Western New York area provides a highly livable environment that is rich in outdoor recreation, music, theater, and professional sports, in addition to the advantages of being located on the international border with Canada.

University at Buffalo is an affirmative action/equal opportunity employer and, in keeping with our commitment, welcomes all to apply including veterans and individuals with disabilities.
