Posting Detail Information

Position Summary

UB [School of Nursing](#) is seeking **tenure-track assistant professors or tenured associate or full professors** to contribute to our growing and exciting research and education programs. The current programs of research in the School of Nursing include: promoting health, addictions, health disparities among vulnerable populations (racial, ethnic minorities; African immigrants, LGBTQ+), risk behaviors in adolescence, climate and health, oncology, sleep, palliative care, informatics and care transitions. We welcome other programs of research to expand our current capacity, such as aging and artificial intelligence. Highly competitive compensation and benefit packages commensurate with experience and qualifications are available. Inter-professional clinical and research program opportunities are readily available at UB.

We are particularly looking for candidates who can operate effectively in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential. We are committed to developing an excellent and diverse community of scholars and students engaged in education, research, and service. We encourage applications from women, members of historically marginalized groups, veterans, and individuals with disabilities.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
