Posting Detail Information

Position Summary

The Department of Epidemiology and Environmental Health is seeking a teaching faculty (**non-tenure track**) as a **Clinical Assistant/Associate Professor** in the [Graduate Public Health Program \(MPH\)](#). The successful candidate will join a university-wide multidisciplinary team of public health faculty and be part of the [Department of Epidemiology and Environmental Health](#) (EEH).

With a **primary focus on teaching**, this position will also make contributions to the scholarship and service missions of the school. **This is a non-tenure track, calendar year (12-month) position, fully funded by New York State.** This faculty member will:

- Carry a teaching load up to 12 credit hours per semester (equivalent of three 3-4 credit courses), depending on the amount of scholarship and service. Teaching assignments will include the fall, spring, and summer terms.
- Serve as academic advisor and capstone project mentor to MPH students, primarily in the Epidemiology concentration.
- Engage in some research and service as a faculty member.
- Receive renewable, multi-year contracts.

It is anticipated that this **may** lead to a leadership position in the overall MPH program for EEH. **We are open to candidates with expertise in all areas of epidemiology.**

We are particularly looking for candidates who can operate effectively in a diverse community of students and faculty and share our vision of helping all constituents reach their full potential. We are committed to developing an excellent and diverse community of scholars and students engaged in education, research, and service. We encourage applications from women, members of minority groups, veterans, and individuals with disabilities.

Learn more about:

- The [Department of Epidemiology and Environmental Health](#) (EEH)
- The [School of Public Health and Health Professions](#) (SPHHP)
