Posting Detail Information

Position Summary

We seek a candidate for a **Clinical Assistant/Associate Professor** position in our Undergraduate Program in Public Health. The person hired for this position will have a primary focus on teaching and will make contributions to the scholarship and service missions of the School of Public Health and Health Professions (SPHHP). This is a non-tenure track, academic year (10-month) position, funded by New York State. The person hired for this position will join a collaborative team of faculty in our rapidly growing undergraduate program, established in 2017. We are committed to developing an excellent and diverse community of scholars and students engaged in education, research, and service. We encourage applications from women, members of minority groups, veterans, and individuals with disabilities.

The faculty member will:

- Be expected to teach up to 12 credit hours per semester (equivalent of three 3-4 credit courses), depending on ones amount of scholarship and service Be assigned to a "home department" in the SPHHP, based on area of expertise.
- Receive renewable, multi-year contracts (historically, our clinical faculty have received initial 2-year contracts). We are open to candidates with expertise in all areas of public health. Applications from individuals with expertise in health equity and health services are particularly encouraged.

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization. Learn more about our [benefit packages](#).

About the School of Public Health and Health Professions

SPHHP offers programs at every degree level and is the home to departments of biostatistics, community health and health behavior, epidemiology and environmental health, exercise and nutrition sciences, and rehabilitation science. It is one of only a few schools across the country that includes
