## Posting Detail Information

### Position Summary

The department of **Biomedical Informatics (BMI)** at the Jacobs School of Medicine and Biomedical Sciences is a nationally recognized center of excellence in Biomedical Informatics and Translational Informatics. BMI offers a Masters and a PhD program and has recently added an undergraduate program. We also have an ACGME accredited Clinical Informatics Fellowship for physicians to become board certified. During the grandfather period, the NLM T15 fellowship can count toward board eligibility in Clinical Informatics.

This is a NIH, NLM T15 sponsored Post-doctoral fellowship in Biomedical Informatics. Its training prepares one for a career in academia or industry, performing research in the field of Biomedical Informatics. There is also potential for concurrently obtaining a Masters Degree in Biomedical Informatics.

The Postdoctoral Associate will study and perform research in Biomedical Informatics, working on one or more of the following:

- Artificial Intelligence / Machine Learning
- Knowledge Representation and NLP methods
- Clinical Informatics
- Bioinformatics
- Biomedical Ontology
- Public Health Informatics
- Nursing Informatics
- Imaging Informatics

### Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization. Learn more about our [benefit packages](#).

### About The University at Buffalo

The University at Buffalo (UB) #ubuffalo is one of Americas leading public research universities and a
