Posting Detail Information

Position Summary

Prof. Kris Tjaden in the [Department of Communicative Disorders and Sciences](#) seeks a **Postdoctoral Associate** to work closely with PI on projects investigating speech outcomes for individuals with neurologic diseases associated with dysarthria and speech outcomes following voice treatment for vocal hyperfunction. Duties may include, but are not limited to:

- organize and implement research plans
- develop methods or research that incorporate highly specialized training in a specific specialty
- conduct tests procedures and engage in data collection
- analyze, evaluate, and present findings in professional journals and at professional conferences and meetings

Outstanding Benefits Package

Working at UB comes with benefits that exceed salary alone. There are personal rewards including comprehensive health and retirement plan options. We also focus on creating and sustaining a healthy mix of work, personal and academic pursuit - all in an effort to support your work-life effectiveness. We support your growth and development through our career coaching and training department and we qualify as a public service loan forgiveness organization.
