of Public Health (MPH) and the doctoral program (PhD) in Health Services Research programs. The Bachelor of Science in Environmental Health (BSEH), Bachelor of Science in Public Health (BSPH), and Master of Healthcare Administration (MHA) programs are also part of the JSPH.

The JSPH benefits from a distinguished faculty with extensive expertise in health behavior, policy, and management. Our professors are recognized leaders in their fields, combining rigorous academic training with practical experience in public health practice. They bring a wealth of knowledge from diverse backgrounds, including social and behavioral sciences, policy analysis, and health administration, ensuring a comprehensive and forward-thinking educational experience. Their commitment to mentoring, research, and community engagement enriches the learning environment, preparing students to address complex health challenges with innovative solutions and effective management strategies.
