Job Description

Position purpose

A Level D academic is expected to make a significant contribution to all activities of the organisational unit or interdisciplinary area and play a significant role within their profession or discipline. Academics at this level may be appointed in recognition of distinction in their disciplinary area.

This position will be based at the Main Campus, Bandar Sunway. The Associate Professor in Wound Care will be responsible for developing and delivering comprehensive wound care courses, incorporating the latest research, treatment techniques, and clinical practices. The role includes designing an engaging curriculum, fostering interdisciplinary learning, and equipping students with
