mission, diverse student body, and commitment to equity and social justice. Since our founding in 1868, we have driven innovation, creating global intellectual, economic and social value.

We are looking for applicants who reflect California's diversity and want to be part of an inclusive, equity-focused community that views education as a matter of social justice. Please consider whether your values align with our [Guiding Values and Principles](#), [Principles of Community](#), and [Strategic Plan](#).

At UC Berkeley, we believe that learning is a fundamental part of working, and provide space for [supportive colleague communities via numerous employee resource groups](#) (staff organizations). Our goal is for everyone on the Berkeley campus to feel supported and equipped to realize their full potential. We actively support this by providing all of our full-time staff employees with up to 80 hours (10 days) of paid time per year to engage in professional development activities. Find out more about how you can [grow your career](#) at UC Berkeley.

Departmental Overview

UC Berkeley's University Health Services (UHS) is a comprehensive college health service providing fully accredited medical care, counseling and psychological services, and innovative health promotion programs for students, faculty, and staff. Approximately 65,000 visits occur annually including Primary Care, Urgent Care, Occupational Health, and Specialty Clinics. Services are designed to enable students to get the most from their educational experience, minimizing the impact of illness, injury and emotional distress on their academic careers. Medical care and wellness programs for faculty and staff are designed to meet their occupational health needs and minimize lost work time. These visits generate ancillary encounters with the Radiology, Clinical Laboratory, Physical Therapy and Pharmacy departments, and supplemental needs for off-campus care are coordinated through a network of community specialists and hospitals.
