### Job Description

#### Nursing Faculty

Image not found or type unknown

The University of South Carolina College of Nursing invites visionary nurse scientists to apply for prestigious faculty positions. We are recruiting leaders in oncology research, artificial intelligence, maternal care, brain health, and chronic conditions to help advance our mission of transforming health outcomes through cutting-edge research, mentorship and collaboration.

#### **Assistant/Associate Professor**(Artificial Intelligence, Cancer Research, or Chronic Conditions)

- Drive innovation in AI, cancer research, or chronic conditions to transform health care and improve patient outcomes.
- **Apply Here:** <https://uscjobs.sc.edu/postings/170163>

#### **Assistant/Associate Professor**(Brain Health)

- Be part of a groundbreaking initiative to establish South Carolina's first hospital specializing in brain health, from injury to rehabilitation. Focus on advanced technology, innovation and excellence in care.
- **Apply Here:** <https://uscjobs.sc.edu/postings/182860>

#### **Assistant/Associate Professor**(Maternal-Child Health)

- Expand the Perinatal, Pediatrics, and Family Research Center (PPFRC) and advance health outcomes for women, children, and families through impactful research, innovative education and community engagement.
- **Apply Here:** <https://uscjobs.sc.edu/postings/182602>

### Why Join Us?

- **Cutting-Edge Research:** Collaborate with renowned researchers, engage with established research centers, and access state-of-the-art facilities.

- **Mentorship & Growth:** Attract and mentor top-tier students and faculty. Enjoy mentoring, networking, and growth opportunities in a dynamic, supportive environment.
- **Competitive Compensation & Benefits:** Benefit from generous start-up funding, a robust research infrastructure, comprehensive pre- and post-award support, and faculty loan opportunities.
- **Carolina Grants and Innovation Hub:** Access the university's comprehensive hub, offering research development and training services, including grant writing assistance, technical editing, and faculty mentoring programs.

Applications are reviewed on a rolling basis until positions are filled.

### About the University of South Carolina College of Nursing

USC Nursing, the state's flagship nursing program at a Carnegie-designated research institution, is a national leader in nursing education and research. Ranked for NIH funding and home to four innovative research centers, the college has nearly doubled its faculty in recent years to support growth and innovation. Located in Columbia, SC, an increasingly sophisticated and affordable greater metropolitan area, we offer strong research infrastructure, comprehensive support, and innovative opportunities, including the upcoming 2026 Biobehavioral Research Center.

### Requirements

Candidates at the **Assistant Professor** level are expected to have:

- Doctoral degree and post-doctoral research experience that prepare them for a career as an independent researcher.
- Commitment to conducting rigorous, high-level research with potential for NIH funding, including the production of scholarly publications;
- A track record for or show the potential to receive external funding.

Candidates at the **Associate Professor** level are expected to have:

- A record of externally funded research grants and peer-reviewed publications,
- Commitment to conducting rigorous, high-level research with potential for NIH funding, including the production of scholarly publications;
- Scientific partnerships with junior and senior research faculty,
- PhD-level student teaching and mentorship.
