speech are encouraged to apply. Priority will be given to candidates with clinical or translational research programs and expertise in intervention research. Faculty members teach undergraduate and graduate level courses within their discipline and area of expertise. Cross-listing of undergraduate and graduate seminars facilitates multi-disciplinary student education.

The appointment commences for the fall 2026 semester.

Qualifications

Minimum Education and Experience: A PhD or equivalent in Communication Sciences and Disorders; Speech, Language, and Hearing Science or a related discipline (e.g., Neuroscience, Cognitive Science, Psychology, Engineering) and a demonstrated commitment to excellence in teaching, research, and service is required prior to employment. Candidates are expected to demonstrate the ability to work effectively in a highly collaborative, engaging, and dynamic environment comprised of individuals with a range of backgrounds, skills, and perspectives. We are seeking candidates able to produce research and scholarly or creative achievements that enhance the program and the discipline, and able to deliver high quality teaching using evidence-based practices to effectively engage students from a range of backgrounds and experiences.

Preferred Education and Experience: A doctoral research degree is required prior to joining and postdoctoral experience is preferred. Clinical credentials are preferred but not required. Candidates with clinical or translational research programs will be prioritized for hire.

The Department of Speech, Language & Hearing in the School of Behavioral & Brain Sciences

The University of Texas at Dallas is a Carnegie R1 institution and among the fastest growing universities in the nation. Within its walls, the School of Behavioral and Brain Sciences (BBS) stands uniquely positioned to advance knowledge and improve lives.

In North Texas, BBS serves as a leader where research, education, and clinical training come together to prepare future leaders. It is home to world-class faculty with work ranging from bench-top to bedside studies, and ample resources and opportunities for students and faculty alike.

The Department of Speech, Language, and Hearing is one of three departments within BBS.

BBS is home to a dynamic, collaborative research community that leads UT Dallas' work in audiology and speech-language pathology, including the nation's No. 5 audiology program and No. 18 speech-language pathology program. Faculty members actively engage in research and clinical practice at the Callier Center for Communication Disorders, advancing research and patient care at its two Dallas-Fort

Worth locations. Collectively, BBS leads UT Dallas in R&D rate and new awards per faculty. It houses 111 faculty and almost 3,000 students.

In the past year, BBS was recognized by the BlueRidge Institute for being #1 in Texas and #3 in the United States for NIH funding for schools of its type. Within BBS, faculty members are surrounded by colleagues who interface with science and technology at every level of translation – with a keen focus on using our science to impact the health and well-being of people around the world while training the scientific leaders of tomorrow.

The UT Dallas Clinical and Translational Research Center provides comprehensive support for clinical research including regulatory support, administrative staffing, and access to core facilities. Clinical and translational research programs are additionally facilitated by the UT Dallas Sammons BrainHealth Imaging Center.

Additional opportunities for vibrant interdisciplinary collaborations are available with UT Dallas Centers including the Center for Vital Longevity, the Center for Children and Families, the Texas Biomedical Device Center, and the Center for Advanced Pain Studies. BBS faculty members also have vigorous collaborations with the UT Dallas Bioengineering and Electrical Engineering programs, the UT Southwestern Medical Center, and Baylor University Medical Center.

Application Instructions

Applicants should upload the following via the [online application](#):

- Full curriculum vitae and cover letter summarizing their interests and qualifications for the position.
- Statement of teaching philosophy describing their conceptualizations of teaching and learning, and teaching and assessment methods, and how their teaching practices will engage students from a range of backgrounds and experiences.
- Research statement describing past, present, and future research, including how they mentor (or will mentor) student researchers and foster (or will foster) collaborative research environments.
- A writing/publication sample.
- Full contact information for at least three academic or professional references.

Priority will be given to completed applications received by December 1, 2025. Reviews will continue until the position is filled or the search is closed on March 15, 2026.

The University and Community

UT Dallas is a top public research university located in one of the nation's fastest-growing metropolitan regions. Our seven schools offer more than 140 undergraduate and graduate programs, plus professional certificates and fast-track programs. Our student body is approximately 30,000 strong, reflecting students from over 100 countries and a multiplicity of perspectives and experiences. Over 65% of our undergraduate students receive some form of need- or merit-based financial aid; and 66% of graduating seniors have no student debt compared to 48% in Texas and 32% in the nation (2021 TICAS report).

UT Dallas is committed to graduating well-rounded members of the community whose education has prepared them for rewarding lives and productive careers in a constantly changing world. Our mission centers on providing Texas and the nation with excellent and innovative education and research. The University's rapid growth is fueled by our creative and enterprising spirit, bright students, innovative programs, renowned faculty, dedicated staff, engaged alumni, and research that matters.

The University promotes a welcoming environment through programs and initiatives designed to support engagement and success for members of the campus community. Employee benefits include a range of physical and mental wellness resources, competitive insurance and retirement plan options, lactation facilities located throughout the campus, and Employee Resource Groups (ERGs) comprised of individuals who share common interests to help build community among UT Dallas faculty and staff (e.g., Universal Access ERG, Military and Veteran ERG, UT Dallas Young Professionals). Additionally, the University's modern campus, 400+ campus organizations, and prime location foster collaboration and community.

Situated in Richardson, Texas, the University's location offers abundant professional development and entertainment options. The Dallas-Fort Worth (DFW) metroplex is rich with visual and performing arts venues, museum districts, professional and semi-professional athletics teams, botanical gardens, accessible trails, and much more, ensuring there's something for everyone. The University's partnerships with regional higher education institutions, local school districts, numerous companies, and the [Richardson Innovation Quarter](#) (Richardson IQ) – a major hub for innovation, entrepreneurship, and educational activities – promotes collaboration, professional growth, and educational excellence.
