About the School:

The UB School of Public Health and Health Professions offers programs at every degree level and is the home to five departments; biostatistics, community health and health behavior, epidemiology and environmental health, exercise and nutrition sciences, and rehabilitation science. It is one of only a few schools across the country that includes health-related professions as an integral component of the public health educational and research system. Faculty and students engage in research and community activities designed to improve the health of populations, communities and individuals. The SPHHP is located on the South Campus of University at Buffalo. For more information about the school, visit our [website](#).
